

## Caldan at international exhibitions:

In early October Caldan exhibited at two international exhibition - MSV 2011, Czech Republic and PaintExpo Eurasia, Turkey.

### MSV 2011:

This year the International Engineering Fair in Brno experienced an increase in the number of exhibitors and visitors by 10%. With a status as a leading trade fair in Europe within industry and technology, MSV has more than 1.600 exhibitors and 78-79.000 visitors. The exhibitors at the show are among the market leaders in a.o. surface treatment

technology, and many VIP guests visit the fair. Among them the Czech president and prime minister, and trade delegations from countries like Russia, Belarus, Poland, France and Slovakia. Caldan was at the exhibition represented by Frank Berg, who along with other exhibitors reported good attendance, exciting new contacts and generally positive trends in the industry.

### Fast facts:

Number of visitors: 78,500      Exhibition area: 42,000 m2  
Number of exhibitors: 1,600

### PAINTEXPO EURASIA 2011:

From 6th - 8th of October PaintExpo Eurasia was held for the first time in Istanbul, Turkey: "Our exhibition was a success and we hope that PaintExpo Eurasia will take place regularly in the future," was the feedback from most of the 101 exhibitors at the surface treatment fair. Exhibitors from 13 countries were represented at the fair, which covered a wide range of suppliers from the painting and powder coating

industry. The more than 3.000 visitors came from 35 countries. The Caldan representative at the fair, Thomas Meyer, commented this fact by stating that "the exhibition is clearly the gateway to Eastern Europe and Asia". In addition to this, he reported back positive meetings and interesting contacts with both existing and potential customers. PaintExpo Eurasia will in 2013, again take place in Istanbul.
